

# Where Do We Go From Here?

Caleb Hearn

I can still see the stain on your sweater  
When you looked at me and believed  
When I told you we're in this together  
And you smiled back and agreed

I can still see your hand cupped face  
In the place that I dropped to a knee  
Oh, and I've seen forever  
And nothing come in between you and me

Now I'm holding your hand but it don't feel the same  
And I'm looking at you but you're looking away

How did we go from doing anything to be close  
To losing everything that we know?  
We watched our love just disappear

And how did we go  
From anywhere with you being home  
To sleeping here and feeling alone?  
We watched our love just disappear  
Where do we go from here?

I still have the receipt from that dress  
That you bought you thought I'd never see it  
I can still hear the song that you picked  
For the dance we rehearsed in the kitchen  
When you told me wear white with the suit  
But you knew that I wouldn't listen  
When we whispered I love you at night  
Baby I miss the way that we meant it

Now I'm holding my breath hoping you wanna stay  
Oh  
And I'm looking at you but you're looking away

How did we go from doing anything to be close  
To losing everything that we know?  
We watched our love just disappear

How did we go from anywhere with you being home  
To sleeping here and feeling alone?  
We watched our love just disappear

Where do we go from here?

I can still see the tears in your eyes  
When the doctor told us the news  
I can still hear the silence from your mom and dad  
When they walked in the room  
When you pulled me in close said you know  
This is not how we thought this would end  
I'll replay all the moments I'll hold on forever  
To see you again

How did we go  
From doing anything to be close

To losing everything that we know  
We watched our love just disappear  
And how did we go  
From anywhere with you being home  
To sleeping here and feeling alone  
We watched our love just disappear  
Where do we go from here?  
Where do we go from here?
