

# Dance With Me

Caleb + Kelsey

Trying to picture my life without you  
Is like trying to imagine the sky without blue  
Doesn't make sense  
And I wouldn't want it too  
If I could capture this moment and hide it away  
And come back and live it again everyday  
Just the two of us  
As the music plays

Dance with me  
I'll sweep you off your feet  
It will be you and me  
For the rest of our lives  
Dance with me  
This is how life should be  
Just you and me  
For the rest of our lives  
Dance with me

Looking ahead to the next hundred years  
We'll share in our victories, we'll share in our tears  
'Cause together  
What do we have to fear?  
Together we'll age like the grapes of the vine  
And our love will grow and gets sweeter with time  
But for right now  
Put your hand in mine

Dance with me  
I'll sweep you off your feet  
It will be you and me  
For the rest of our lives  
Dance with me  
This is how life should be  
Just you and me  
For the rest of our lives  
Dance with me

When I look into your eyes  
Forever's what I find  
Our hearts keep perfect time

Dance with me  
I'll sweep you off your feet  
It will be you and me  
For the rest of our lives  
Dance with me  
This is how life should be  
Just you and me  
For the rest of our lives  
Dance with me
