

Down to Earth
Keep 'em falling when I know it hurts
Going faster than a million miles an hour
Tryna catch my breath some way, somehow
Down to Earth
It's like I'm frozen, but the world still turns
Stuck in motion, and the wheels keep spinning 'round
Moving in reverse with no way out

And now I'm one step closer to being
Two steps far from you
When everybody wants you
Everybody wants you

How many nights does it take to count the stars?
That's the time it would take to fix my heart
Oh, baby, I was there for you
All I ever wanted was the truth, yeah, yeah
How many nights have you wished someone would stay?
Lie awake only hoping they're okay
I never counted all of mine
If I tried, I know it would feel like infinity
Infinity, infinity, yeah
Infinity

Eyes can't shine
Unless there's something burning bright behind
Since you went away, there's nothing left in mine

I feel myself running out of time

And now I'm one step closer to being
Two steps far from you
When everybody wants you
Everybody wants you

How many nights does it take to count the stars?
That's the time it would take to fix my heart
Oh, baby, I was there for you
All I ever wanted was the truth, yeah, yeah
How many nights have you wished someone would stay?
Lie awake only hoping they're okay
I never counted all of mine
If I tried, I know it would feel like infinity
Infinity, infinity, yeah

How many nights does it take to count the stars?
That's the time it would take to fix my heart
Oh, baby, I was there for you
All I ever wanted was the truth, yeah, yeah
How many nights have you wished someone would stay?
Lie awake only hoping they're okay
I never counted all of mine
If I tried, I know it would feel like infinity
Oh, infinity

Oh—
