

Somebody Like You / You're My Better Half / Better Life

Caleb + Kelsey

There's a new wind blowing like I've never known
I'm breathing deeper than I've ever done
And it sure feels good, to finally feel the way I do
Oh, yeah
I wanna love somebody
Love somebody like you

We ain't got much now, we're just starting out
But I know somehow paradise is coming

And it's the sweet love that you give to me
That makes me believe we can make it through anything
'Cause when it all comes down
Feeling like I'll never last
I just lean on you 'cause, baby, you're my better half

Friday night and the moon is high
I'm wide awake just watching you sleep (Oh yeah, yeah)
And I promise you you're gonna have
More than just the things that you need
Well, you take my hand
You pull me close and you hold me tight

Someday, baby, you and I are gonna be the ones
Good luck's gonna shine
Someday, baby, you and I are gonna be the ones
So hold on, we're headed for a better life

Yeah, I wanna feel the sunshine
Shining down on me and you
When you put your arms around me
You let me know there's nothing in this world I can't do

And it's the sweet love that you give to me
That makes me wanna love somebody, love somebody like you

Someday, baby, you and I are gonna be the ones
Good luck's gonna be shining down on me and you
When it all comes down
I'm feeling like I'll never last
So just hold on, we're headed for a better life
