Harness The Wind

Calexico

Do you dream of flying
At the speed of light?
Shooting for the moon
Another lonely night
You get so high
Don't wanna come back down
To a world of problems
With answers never found

Are we just falling stars
Dancing across the sky?
If our worlds don't collide
Is there a chance for you and I?

What's that you say?
We're on the same road
I keep spinning around
And out of control
And every time
I try to land
Wind keeps pushing me back out
To the dark of night

Are we just falling stars
Dancing across the sky?
If our worlds don't collide
Is there a chance for you and I?

Invincible
Well-disguised
On a winning streak
If I would never die
Broken wings
You mended mine
Turned me around and picked me up
And helped me on my way

Are we just falling stars
Dancing across the sky?
If our worlds don't collide
Is there a chance for you and I?
