

# The Black Light

Calexico

Leave the heart of the city  
For the heart of the world  
Leave the heart of this city  
Love the way her trust unfurls

Follow her hand to the dark end of the street  
Cross in the night, invisible to the electric eye  
Sippin' on a little Night Train  
Slippin' into the car to stay warm

Sleep by day, and move at night  
Sleep by day, and keep moving at night  
Keep moving, keep moving

Follow her hand to the dark end of the street  
And cross in the night  
Become invisible in the blink of an eye

Out past the Border Patrol  
Whose thunderbird's no match  
A helicopter shadow follows you  
(Past the cancerous sprawl into fields of thorn)  
Way out past the Downtown city glow  
Cross the Santa Cruz  
I-10 through the Rincons, Cochise Stronghold  
South of the Chiricahuas  
Drifting and drifting(x3)
