

Let me see you go front, back, side to side
While you muthafuckas bounce to this
Let me see you go front, back, side to side
Laid back and smoke an ounce to this
Let me see you go front, back, side to side
While you muthafuckas bounce to this
Let me see you go front, back, side to side
Laid back and smoke an ounce to this

Cali do it big like Texas
Finally stepped my game up and put mommy in a Lexus
I get around like a necklace
Shit, I do it so right I don't know where the left is
You wanna know who the best is?
Right here in my heart, in the middle where my chest is
The OG on the guest list
Who concentratin' on showing you motherfuckers where the west is

Ace up the sleeve, ice pick in the pocket
Gangsta's loaded, hyperdosin' on some real narcotic
"Uncle D, that ain't me, shit, I came to win"
That motherfucker prolly shit himself just catching wind
Rules I bend for the cash and I'm pushing through
Who the fuck is me?
Man, who the fuck is you?
Knowin' it true, is it real or not?
Always have and always will make the beat pop

I'm so big, I'm so hard
From a small city but going extra large
I'm so dope, I'm so sick
Like I'm fucking with a pipe, you can call me dopesick
Make the hoes laugh, make the girls giggle
It ain't about the barbeque, it's all about the sizzle
Making it rain, that's why they call be T-Drizzle
With 4 fingers in the air, with two twisted in the middle

Double fisting, titty twisting
Playing double-dutch
Burning out a clutch bouncing off these bubble butts
I swear it ain't me, I came to see
And lock it up, [?], and the sake of me
Ain't no hatin' me, I'm out the bakery
Cake boss, [?]
With the CA, MI, FE style
Runnin' circles, [?] square mile

Let me see you go front, back, side to side
While you muthafuckas bounce to this
Let me see you go front, back, side to side
Laid back and smoke an ounce to this
Let me see you go front, back, side to side
While you muthafuckas bounce to this
Let me see you go front, back, side to side
Laid back and smoke an ounce to this

Let me see you go front, back, side to side

While you muthafuckas bounce to this
Let me see you go front, back, side to side
Laid back and smoke an ounce to this
Let me see you go front, back, side to side
While you muthafuckas bounce to this
Let me see you go front, back, side to side
Laid back and smoke an ounce to this

Let me see you go fr-fr-front
Ba-ba-back, side to side
Fr-fr-front
Ba-ba-back, side to side
