

# Body Like Yours

Call Me Loop

(On a body like, body like)

Six weeks in  
And he's giving  
Me everything I ever asked  
Telling me  
I'm beautiful on the reg  
Yeah, whenever he gets a chance  
Loves a FaceTime  
Gives me laugh lines  
Sofa surfs when I cannot sleep  
Oh, he's such a dream

No stress, no fights  
It's so easy with him  
He's just not that type

He's so close to perfect, oh, I couldn't ask for more  
23 hours a day and I can't find a flaw  
But try as I might when his clothes are on my bedroom floor  
I can only get excited when I'm on  
On a body like, body like yours...

Ten weeks in  
And he's cooking  
Me dinner cos I had a day  
He likes to  
Surprise me  
In all the cutest ways  
Such a catch but  
It's just bad luck  
That I don't look at him that way  
Oh, it's such a shame  
Cos

He's so close to perfect, oh, I couldn't ask for more  
23 hours a day and I can't find a flaw  
But try as I might when his clothes are on my bedroom floor  
I can only get excited when I'm on  
On a body like, body like yours...

No stress, no fights  
It's so easy with him  
He's just not that type  
No stress, no fights  
It's so easy with him  
But it only feels right

(On a body like, body like...)  
Only get excited when I'm on  
On a body like, body like yours
