

## Cut & Run

## Call Me Loop

So you sayin' that you want me baby  
That you want me baby  
Like that, like that, like  
Don't you think that I learned my lesson  
From the time you dropped me out  
But maybe I said that I want you baby  
That I want you baby  
Like that, like that, like  
And play a little game of my own  
Just to get my, get my own back

Yeah, it's time to show you what you walked out on  
Time to get inside your head  
So pick up your jacket, honey, fix up, look sharp  
It's my time to mess you up

I'll cross my heart and hope to die  
That you're the only one  
I'll build your hopes up just to  
Watch them come tumbling down  
I love you then, I love you not  
Did I commit? Oops I forgot  
I'll cross my heart and hope to die  
Before I cut and run

So you have the cheek to call me baby  
Call me up and try it, on it, on it, on  
Like the last time that you spoke to me  
You didn't have me so I'm done  
I'll admit you really hurt me baby  
Really hurt me, it wasn't fun, no fun, no  
But now I'm getting pretty good at this game  
And I won't stop till I've won

So pick up your jacket, honey, fix up, look sharp  
It's my time to mess you up

I'll cross my heart and hope to die  
That you're the only one  
I'll build your hopes up just to  
Watch them come tumbling down  
I love you then, I love you not  
Did I commit? Oops I forgot  
I'll cross my heart and hope to die  
Before I cut and run  
I'll cross my heart and hope to die  
Before I cut and run

How predictable  
That you should get in touch  
Just as soon as you see  
Me blowing up, yeah  
I'm doing well and you want a piece  
But, honey, can't you see I'm over this?  
Yeah, how predictable  
You're so predictable

I'll cross my heart and hope to die  
That you're the only one  
I'll build your hopes up just to  
Watch them come tumbling down  
I love you then, I love you not  
Did I commit? Oops I forgot  
I'll cross my heart and hope to die  
Before I cut and run, I cut and run  
I'll cross my heart and hope to die  
Before I cut and run  
I'll cross my heart and hope to die  
Before I cut and run

Before I cut and run
