

Downhill From Here

Call Me Loop

I was used to being stuck under somebody else's way
Changing up to fit with someone else's friends
And it's funny, I compare myself to them
Oh, what a waste

But then you came through
The antidote to all the shit before
First we laugh and then we're loving on the floor
I don't hide myself, I know you want it all

I know this is just one slip from going wrong
Knowing me, knowing me, knowing me
Yeah, any second now I'll be back writing breakup songs
Knowing me, knowing me and I do

It's all down
Downhill from here
Up in the clouds
Won't last a year

'Cause I know what I look like
Fuckin' up until it all comes falling down
Downhill from here

I was used to thinking that I had to compromise myself
But now for once I'm not fitting round someone else
I got feelings that before I never felt
I'm overwhelmed, 'cause

I know this is just one step from going wrong
Knowing me, knowing me, knowing me
Yeah, any second now I'll be back writing breakup songs
Knowing me, knowing me and I do

It's all down
Downhill from here
Up in the clouds
Won't last a year

'Cause I know what I look like
Fuckin' up until it all comes falling down
Downhill from here

D-d-down we're going down from here
D-d-down we're going down from here
D-d-down we're going down from here
D-d-down we're going down

It's all down
Downhill from here
Up in the clouds
Won't last a year

'Cause I know what I look like
Fuckin' up until it all comes falling down
Downhill from here

It's all down
Downhill from here
Up in the clouds
Won't last a year

'Cause I know what I look like
Fuckin' up until it all comes falling down
Downhill from here

D-d-down we're going down from here
D-d-down we're going down from here
Down down down we're going down from here
D-d-down downhill from here
