

I'll Get Better

Call Me Loop

When you say things you don't mean to
It's easy to forgive you
'Cause everyone's got issues, don't we?
I can look past all your darkness
Love you when you're heartless
If only I could do that for me

I go home, take it off
Alone with my thoughts
Wish I could trade all my flaws
For something better
Never felt good enough
I've always thought it was hard
To give myself any love
But I'll get better
Whoa, whoa-oh, whoa-oh, whoa-oh
Whoa, whoa-oh
But I'll get better

Hate to be lone at night when
Me and myself are fighting
I don't have any nice things to say
I wish I could treat myself like
I treat all my friends and
Love me like I love you, mm

I go home, take it off
Alone with my thoughts
Wish I could trade all my flaws
For something better
Never felt good enough
I've always thought it was hard
To give myself any love
But I'll get better
Whoa, whoa-oh, whoa-oh, whoa-oh
Whoa, whoa-oh
But I'll get better
Whoa, whoa-oh, whoa-oh, whoa-oh
Whoa, whoa-oh
But I'll get better

Shut myself off, I don't wanna think about
All the hate that keeps on growing in my mind
And I'm so tired, mm, yeah
So please, be quiet, mm
I just wanna feel like I am good enough

I go home, take it off
Alone with my thoughts
Wish I could trade all my flaws
For something better
Never felt good enough
I've always thought it was hard
To give myself any love
But I'll get better
Whoa, whoa-oh, whoa-oh, whoa-oh
Whoa, whoa-oh

But I'll get better
Whoa, whoa-oh, whoa-oh, whoa-oh
Whoa, whoa-oh
But I'll get better
