

# Dance All Night

Callalily

Close your eyes  
I'm yours  
This house is empty  
Free your mind  
In time  
We'll see eternity

We'll dance all night  
I promise  
We'll dance all night

Screaming out I'm burning  
Can't you see  
I'm glad we're back again  
I'm screaming out I'm bursting  
Tears of joy running down this place  
Read my mind  
I'll read yours  
We'll turn the old pages  
One final look  
At the book  
That reminds us of anxieties

We'll drink all night  
I promise
