

## Inside My Heart

Callalily

I'm bothered with the way you talk to me  
With the way you move  
And you whispered but I didn't hear a thing  
'Cause you didn't say it clear  
A I know you're in doubt  
But you can't scream and shout  
And you know that I hate it  
Can you answer these questions:

Do you want to live inside my heart?  
Would you cry with me into the dark?

Hey, look at me, can't you see that  
I'm serious  
That I love you so?  
Come closer, please  
Don't be afraid to risk everything on me,  
'Cause I won't let you down  
I won't spin you around  
And I'm sure that I'm so sure.
