

# Isabel

Callalily

I understand  
Why you can't hold  
My hand  
But it hurts me  
More  
Everytime I see you  
Walk out the  
Door

I love you and you love me too  
But why can't they understand,  
Why can't they understand  
For us it's right  
But for them it's wrong

Everything's unfair for us  
I'm here and you are there  
But I can't even see u

I love you and you love me too  
But why can't they understand,  
Why can't they understand  
For us it's right  
But for them it's wrong

I know it's hard,  
But your my happiness  
I know it's hard,  
But your still there

I love you and you love me too  
But why can't they understand,  
Why can't they understand  
For us it's right  
But for them it's wrong

I love you and you love me too  
Why can't they understands [2x]  
I love you and you love me too  
Still they can't understand [2x]

I love you and you love me too  
But why can't they understand,  
Why can't they understand  
For us it's right  
But for them it's wrong
