

L.O.V.E.

Callalily

As I'm walking down the road
I see people holding hands all along
Then a man came and told me
"Son, there's something going on"
And then I remembered

There's a sweet song called love back when I was young
And lonely, I used to see it, hear it, feel it yeah!
And they call it L O V E Love

Now I know what's going on and on
It's a mutual feeling for everyone
There's a sweet song called love back when I was young and lone
ly
We need to give it, share it, spread it yeah!
Cause its the reason that makes a perfect word.

I used to see it, hear it, feel it yeah!

And they call it LOVE...
