

Raise This Cup

Callalily

All my life I keep believing
In fairytales and happy endings
All my life I keep believing
In fairytales and happy endings

I want you to know
That I've been having trouble sleeping
Since you've been gone

And I want you to know
That the songs playing on the radio
Are killing me on my way home

It ain't easy letting go
Wakin' up each day feeling alone

I raise this cup (hey) for the broken hearts
Cheers to the people who don't know where to start
I raise this cup (hey) for the broken hearts
Cheers to the people who don't know where to start

All my life I keep believing
In fairytales and happy endings
All my life I keep believing
In fairytales and happy endings

I want you to know friends keep on askin' me
What happened to us

And I want you to know
That these photos you've been posting
Are killing me now I'm alone

It ain't easy letting go
Wakin' up each day feeling alone

I raise this cup (hey) for the broken hearts
Cheers to the people who don't know where to start
I raise this cup (hey) for the broken hearts
Cheers to the people who don't know where to start

I raise this cup (hey) for the broken hearts
(All my life I keep believing)
Cheers to the people who don't know where to start
(In fairytales and happy endings)
