

Right

Callalily

Leave me alone
And then life will carry on
In the darkness of the night
I will walk this path alone

I will go to a place
Where time and space can't reach me
Leave a note for my friends
Tell them this is not the end

I know I let you down
But you pushed me to the ground
The sun will shine
Everything will be alright
Is everything alright?

Save all your words
Save yourself from all the hurt
That you bring upon yourself
Cause your screams they go unheard

I know I let you down
But you pushed me to the ground
The sun will shine
Everything will be alright
Is everything alright?

I love you
I'm waving goodbye
I love you
I'm trailing behind
I love you

I know I let you down
But you pushed me to the ground
The sun will shine
Everything will be alright
Is everything alright?
