

Jamie

Calling All Captains

Back when
We used to drive all night
And listen to the Wonder Years
I remember every moment

That winter was so cold
But you kept me warm
I just want to go back
To the day we last talked

Jamie
I thought you'd be there for me
But I can't hold on
To my problems
They weigh me down
They weigh me down

I told myself that I'll be fine.
But I missed my chance,
I missed my time
To tell you where I went wrong,
I'm not who I am at all

It's been two long years since I've felt happy
With how empty I am I'm surprised I'm still standing
This hungry heart can't forget yours

Jamie
I thought you'd be there for me
But I can't hold on
To my problems
They weigh me down
They weigh me down

I guess I'll get by by myself
