

I think you know I cry  
Every time you walk away  
And is it all right  
If I sleep away the day? I'm prayin'  
Things would get easier for me  
'Cause life is lonely

It's always something  
Nothing could ever fix me

Far too many lies  
It's been so long since I had time  
To take care of my shattered life  
Instead I'm poisoning my mind

High and dry, all through the night  
Feeling so faint, I think I might just collapse  
Tell me this is everything I've ever wanted

I know you want me to be happy  
Please find me one good reason  
'Cause I'll feel it  
I know you want me to be happy  
So stop tryna' be so coy, you know that

It's always something  
Nothing could ever fix me

Now I've gone and fucked it up again  
Messages to my head  
Never go as far as I intend

High and dry, all through the night  
Feeling so faint, I think I might just collapse  
Tell me this is everything I've ever wanted

I know you want me to be happy  
Please find me one good reason  
'Cause I'll feel it  
I know you want me to be happy  
So stop tryna' be so coy, you know that  
You know that

I think you know I cry  
Every time you walk away  
And is it all right  
If I sleep away the day? I'm prayin'  
Things would get easier for me  
'Cause life is lonely

I know you want me to be happy  
I know you want me to be happy  
Please find me some good reasons  
'Cause I'll feel it

I know you want me to be happy  
Please find me one good reason

'Cause I'll feel it  
I know you want me to be happy  
So stop tryna' be so coy, you know that  
You know that I see it
