

# Lose Myself

Calum Scott

My heart is racing  
Hands are shaking  
And my feet won't touch the ground  
I can't even think straight  
And my heart rate  
Is so high. It's in the clouds

And all 'cause of you  
I don't know what to do  
I'm only tryna make you love me  
I'm lost in an ocean  
Of emotion  
And I don't want to be found

'Cause I lose myself  
When I'm around you  
When I'm around you  
I lose myself  
When I'm around you  
When I'm around you

You leave me hopeless  
Out of focus  
And I can't find words to say  
And if you notice  
That I'm choking  
It's 'cause you take my breath away

And all 'cause of you  
I don't know what to do  
I'm only trying to make you love me  
Beautifully broken  
And I'm hoping  
That I'm never, ever found

'Cause I lose myself  
When I'm around you  
When I'm around you  
I lose myself  
When I'm around you  
When I'm around you

I'm lost in you  
I lose myself  
When I'm around you  
When I'm around you
