Love On Myself

Calum Scott

Waiting and waiting
For something that ain't too complicated
When I should've looked in
I guess I've been looking
In all the wrong places

Until I said,
"Hey, how you doing?" Yeah I hope I'm well
Time to put that love on myself
Before I give it back to someone else
I need to, I need to, put that...

Love on myself
I need to put the love on myself
Before I give it to someone else, yeah
Love on myself
Love on myself

Waiting and waiting
I know that you had to be patient
Man I'm sorry for taking
Your time up and wasting
In all the wrong places

Until I said,
"Hey, how you doing? Yeah I hope you're well"
'Cause I've been putting love on myself
Before I give it back to someone else
I need to, I need to, put that...

Love on myself
I need to put the love on myself
Before I give it to someone else, yeah
Love on myself
Love on myself

When I'm alone with the air that I breathe
Breathing it in and you're all I can see
Don't nothing matter when you're home with me
When you're home with me
Oh I couldn't be who I wanted to be
Being myself was a struggle for me
But falling in love, it was all that I needed
It's all that I needed

Hey, how you doing? Yeah I hope you're well

Hey, how you doing? Yeah I hope you're well
Love on myself
Hey, how you doing? Yeah I hope you're well
Love on myself
Hey, how you doing? Yeah I hope you're well
Love on myself, love on myself
