

## Out At Sea

Calum Scott

I was looking for a place to hide  
But I've finally found the strength inside  
So wash me away on this tide  
I'm coming now to say goodbye  
Cause it's never as it seems  
It's never as it seems

So farewell my dear  
I'm drifting now upon these waves  
Just facing my fears  
This is my kind of great escape  
And into the darkness, into the blue  
Cause I was so scared, I'm telling the truth  
Farewell my dear  
I'm drifting now upon these waves

Just watch me cast you away  
I'll leave you out at sea  
I'm gonna cast you away  
I'll leave you out at sea  
Just watch me cast you away  
I'll leave you out at sea  
Just watch me cast you away

I'm drifting now upon these waves  
Just facing my fears  
This is my kind of great escape  
And into the darkness, into the blue  
Cause I was so scared, I'm telling the truth  
Farewell my dear  
I'm drifting now upon these waves

Just watch me cast you away  
I'll leave you out at sea  
Just watch me cast you away  
I'll leave you out at sea
