

# Then There Was You

Calum Scott

Then there was you

I never heard those three words in the morning  
I never felt those crazy butterflies  
And I've never had the feeling that I'm wanted  
I've never held a hand that fit just right  
And then there was you  
And then there was you

My momma always told me I should take it slow  
But my heart beats fast when we're all alone  
And I'm never ever ever gonna let you go, no  
And then there was you  
Gonna love you every day until we're grey and old  
Gonna dance all night, gonna hold you close  
And I'm never ever ever gonna let you go, no

I never said "I love you" without warning  
And I never really felt it without lies  
I never thought there be a day I'd ever have the guts to say that  
Somebody's mine  
And then there was you  
And then there was you

My momma always told me I should take it slow  
But my heart beats fast when we're all alone

And I'm never ever ever gonna let you go, no  
And then there was you  
Gonna love you every day 'til we're grey and old  
Gonna dance all night, gonna hold you close  
And I'm never ever ever gonna let you go, no

And then there was you  
And then there was you

I never heard those three words in the morning  
I've never felt those crazy butterflies

My momma always told me I should take it slow  
But my heart beats fast when we're all alone  
And I'm never ever ever gonna let you go, no  
(Never ever gonna let you go)  
Gonna love you every day until we're grey and old  
Gonna dance all night, gonna hold you close  
And I'm never ever ever gonna let you go, no

(Oh, then there was you)  
And then there was you

Momma always told me I should take it slow  
But my heart beats fast when we're all alone  
And I'm never ever ever gonna let you go, no
