

Won't Let You Down

Calum Scott

The love of your life, he's treating you wrong
You stand by his side, he lies all alone
It's the fairytale you want, but the glimmer in your eyes have gone
And now you're alone, I'll lend you my shoulder to cry on

I won't let you down, this time around
I'll show you how, how
No matter how far, don't care where you are
I won't let you down

Thanks for the tears, the pain that you caused, oh
And know you're just a memory, an old familiar melody she's heard before
It's a fairytale you ended, done with you pretending you're the fool, oh you're the fool
And now she's alone, I'll give her my hand to hold on to

I won't let you down, this time around
And I'll show you how, how
And no matter how far, don't care where you are
I won't let you down

And I see it now, my eyes are open
I'm all yours, tears have spoken
I can't fix all that is broken
My feet on the ground
But I won't let you down, this time around
I'll show you how
No matter how far

But I won't let you down, this time around
And I'll show you how, how
No matter how far, don't care where you are
I won't let you down
