

# I Found You / Nilda's Story

Calvin Harris

I cannot say what I'm feeling  
If I don't know how to move  
I cannot say what I believe in  
I finally believe in you  
I've traveled many roads  
And I know what road to choose  
Now my world is never changing  
If there's anything I can do

'Cause I found you  
'Cause I found you  
'Cause I found you  
Yeah, I found you

I cannot say what I'm feeling  
If I don't know how to move  
I cannot say what I believe in  
I finally believe in you  
I've traveled many roads  
And I know what road to choose  
Now my world is never changing  
If there's anything I can do

'Cause I found you  
'Cause I found you  
'Cause I found you  
Yeah, I found you  
And I found you  
And I found you  
And I found you  
'Cause I found you, yeah  
Ooh, you, you

'Cause I found you  
'Cause I found you  
'Cause I found you  
Yeah, I found you  
And I found you  
And I found you  
And I found you, yeah  
'Cause I found you
