

# Yeah Yeah Yeah La La La

Calvin Harris

Stop bein' a bad joke  
It's not the same  
Feeling that sunshine  
And forgetting the rain  
It feels so peaceful  
Without the rain  
Your life's got happy  
You got on the TV

Yeah yeah yeah, la la la, la la la la  
Yeah yeah yeah, la la la, la la la la

Being with each other  
We're havin' fun  
I've got time to spare so  
I might find the one  
We dig each other  
And break the rules  
We love one another  
And that's no fool

Yeah yeah yeah, la la la, la la la la  
Yeah yeah yeah, la la la, la la la la (My girl)  
Yeah yeah yeah, la la la, la la la la  
Yeah yeah yeah, la la la, la la la la

I take a piece of paper  
And write your name  
You put it in your pocket  
And I did the same  
We love each other  
And that's for sure  
I live here without you  
I can't take it no more

Yeah yeah yeah, la la la, la la la la  
Yeah yeah yeah, la la la, la la la la (My girl)  
Yeah yeah yeah, la la la, la la la la  
Yeah yeah yeah, la la la, la la la la
