

More Than A Picture

Calvin Richardson

Hey love
I got you on my mind
I realize now more than ever
How much I want you
And I need someone
The more the merrier

Ya
Oooooo
I need you back in my life
Baby

Listen
On a different day
Going through diff things
Ain't it funny how
Things would change
When I'm really far
things aren't simple no more
how I'm searching for you
more and more girl

How soft your lips feel
on my skin
the smell of you there
its what I'm been missing
of the arguments
and the make up sex
girl this picture of you
wont give me what I need

I need pictures
Miss you
And I need to be close to you
I need to
Find you
Hear me
I need you next to me girl

Now picture this
Talking finger tips
Speaking languages
All over your thighs and hips
Now picture me
Me loving you
All over you body through and through
Now picture us
The very next day
As we creep the sun
I stare at your face
Now how I want this
But your not here
Honey more than a picture I need you here

I need you pictures
Miss you
And I need to be close to you

I need to
Find you
Near me
I need you next to me girl

I fell at your picture every night
I long to hold you tight
But you're not with me
I need
You here
Right here by my side
Your picture is not enough
Frame just cant contain the love

I need pictures
Miss you
I just miss you
And need to be close to you
I need you
Feel you
Near me
I need you next to me girl
