

# Not Like This

Calvin Richardson

Girl, I know a thing or two about the way things go  
With someone as fine as you  
You be constantly dealin with the drive-bys  
And the way guys be spittin at you  
So it's hard for me to think  
That you ain't had love  
Ain't been you he thought the world of  
And I just can't see  
How even a playa wouldn't be  
Ready to settle down

Girl your so special  
I would be the one  
that makes you believe  
that you haven't had a real good man  
I just can't see it  
so how can it be

You never been cared for (no not like this)  
Girl, don't look no further  
You never made love before (no not like this)  
It's just for you  
You say you had everything  
And nothing was missing  
What you thought was right is wrong  
So baby just let me in  
Girl, I know you had it but not like this

Girl, you must have heard all the things I'm tellin you  
I'm not tryin to pressure you  
But, I have to come at you with what I really feel  
Girl, I, I'm sick over you  
You ain't been told  
That you're worth more than gold (now you know)  
Girl, you are  
Now, girl, I'll take the time  
The time to treat you right  
Cuz, girl, I just wanna settle down

Girl, you're so special  
I will be the one  
That makes you believe (that makes you believe)  
That you ain't had a real good man  
I just can't see it  
So how could it be that

Girl your so special  
I would be the one  
that makes you believe  
that you haven't had a real good man  
I just can't see it  
so how can it be

So I take all the time that I need  
(To show you how I really feel about you)  
And I do all the things just to prove  
That I never wanna be with out you

So baby girl the things you never had  
I'll give you, and I'll,  
I'll be the one that's gonna claim you  
I'll be the one that's gonna name you  
Girl, I'll be the one for you. Oh,

Girl your so special  
I would be the one  
that makes you believe  
that you haven't had a real good man  
I just can't see it  
so how can it be

Never had it like this...  
Oh no, no, no...  
Girl you never had it like this...  
No not like this...  
Yu never...
