

Treat Her Right

Calvin Richardson

Now listen to me

Sit down... with ya' lady
Listen to what she has to say...

Don't be so quick to talk about yourself
It'll only push her away...

Cause a woman is sensitive
In every way

You have to make her feel special
Each and every day!

You got to (treat her right) Oh...
(Make her feel special...)
All you gotta' do is
(treat her right) Treat her right yeah...
(make her feel special...)
You gotta' make her feel wanted
(Treat her right) and needed, yeah...
(make her feel special)

You have to make that woman feel that
She means the whole... World to you!
LISTEN!

Same thing it took
To get that woman hooked
Gonna take the same...thing, to keep her, (yeah, yeah, yeah)

Now you can't keep going through the motions
Like, she's not there...

You gotta' make that woman feel that you
Really, really, really really care!

(Treat her right) Treat her right! Yeah!
(make her feel special)
Ohh... Oh, you gotta'
(Treat her right), Treat her right, yeah!
(make her feel special..)
Ohh... oh
(Treat her right) You gotta' do it
(make her feel special...)

You gotta' love her in the Mo'nin and the Evenin'
And in the afternoon too
And when she get tired of that
Ask her what else she wants you to do, do, do...

(Treat her right, make her feel special)
Ohh... you gotta' (treat her right)
Oh you gotta' love her yeah!
(Make her feel special...)
Every time you want it, you gotta'
(Treat her right) Treat her right, Yeah!

(Make her feel special)

Oh! Ohh... Oh...

(Treat her right... make her feel special)

Every doggone time you wants it

(Treat her right)

Every doggone time you needs it

(Make her feel special)

Ya' got to think about the things that her girlfriends got!

(Treat her right)

You gotta go out and get em for her!

(Make her feel special...)

TREAT HER RIGHT!!!
