

## Behind the 8 Ball

Calvin Russell

I was born behind the 8 ball  
Headin' for a sure fall  
Can't seem to care at all for nothin'  
On the wrong side of the railroad track  
Always somebody on my back  
Always on the old black list for somethin'

I'm trying to live my life but it just makes me so wild &  
mean  
When I find there ain't no truth in these things that  
I've seen  
Livin' for livin' that's all that I understand  
Don't you fall for me honey I'm just an outlaw man

Well I guess I was born to lose  
Everything 'cept my lonesome blues  
Everybody got to pay some dues of some kind  
I've paid more than my share  
No one said that life was fair  
Hard to find a soul who cares some time

I'm trying to live my life but it just makes me so wild &  
mean  
When I find there ain't no truth in these things that  
I've seen  
Livin' for livin' that's all that I understand  
Don't you fall for me honey I'm just an outlaw man
