

Fadeaway

Cam Meekins

I feel like in my mind it's a livin' hell
But I been on my grind if you couldn't tell
Just tryna move forward just day to day
So I light it up just to fade away
'Cause I can't take the pain no more so I say
That I'm doin' fine and I feel okay
Just tryna move forward just day to day
So I light it up just to fade away

Just to fade away, yeah, eh
Just to fade away, yeah, eh, eh
Just to fade away, yeah, eh, eh
Just to fade away, yeah, eh, eh
Just to fade away

[?] doobies, just a J
I'm wonderin' if they don't remember me
I'm sittin' on this flight, it's back to LA
But I don't give a fuck about the industry

I'm livin' outta sight, I been havin' long nights
I just charge it to the game, shit my credit lookin' light
Feel like I might die tonight, bury me in off white
Have a party at my funeral 'cause we gon' do it right
And I never rhyme, all I ever do is write
Now they wonder how I made it, all these problems in my mind
Never ever gave a fuck, I just gotta keep it movin'
I'm just hopin' I keep winnin', I cannot go back to losin'

Yeah I'm feelin' like in my mind it's a livin' hell
But I been on my grind if you couldn't tell
Just tryna move forward just day to day
So I light it up just to fade away
'Cause I can't take the pain no more so I say
That I'm doin' fine and I feel okay
Just tryna move forward just day to day
So I light it up just to fade away

Just to fade away, yeah, eh
Just to fade away, yeah, eh, eh
Just to fade away, yeah, eh, eh
Just to fade away, yeah, eh, eh
(Yo Kyle this shit's crazy)
Just to fade away
