

I just want you to see  
What you did to me  
When I'm riding  
When I'm-when I'm riding  
I just want you to be  
What you meant to me  
When I'm flying  
When I'm-when I'm flying

When I'm flying I'm just getting high, yeah  
Every night, yeah  
Do this every night, yeah

When I'm flying I'm just getting high, yeah  
Every night, yeah  
Do this every night, yeah

Every night I'm getting high  
To the sky  
Rolling Blue Dream can't see my eyes  
Every other day need an ounce of weed  
Bring it on the plane come roll with me  
I'm getting fly  
Superfly  
Saint Laurent jeans, no suit and tie  
No Vaseline for the eyes, get it  
I'm proud of the spliff, know how I did it  
They say I'm going loco, no coco  
I don't do drugs when I talk to the popo  
I tell 'em what they wanna hear  
Then it's back to the joint right in my ear

I just want you to see  
What you did to me  
When I'm riding  
When I'm-when I'm riding  
I just want you to be  
What you meant to me  
When I'm flying  
When I'm-when I'm flying

When I'm flying I'm just getting high, yeah  
Every night, yeah  
Do this every night, yeah

When I'm flying I'm just getting high, yeah  
Every night, yeah  
Do this every night, yeah

Eh  
Start my day with an ounce of hash then it's back to the lab where I pick up  
a pad  
Wrote a couple raps cause it's how I get down  
In a Dodge Coupe when I roll into town  
Everybody wanna hang with the guy  
Cause I'm super chill and I'm super high  
I don't really know why they fuck with me

Weed used to be like a luxury  
Oh, wanna get bucks from me  
Instagram girl wanna suck on me  
Go through stuntin' with Louis V  
But she don't understand I get my own cheese, no cheddar  
My days getting better  
People wanna talk shit acting all bitter  
But I don't care  
Put another joint in the air  
Another charge to the game while she play with my hair  
You all focused on the hate  
I can't relate  
I ain't focused on the craz, I got my own plate  
And when I run the world don't be surprised  
Just know everywhere I'll be getting high  
And I'ma smoke my weed till I fucking die  
When I made my first M's I made my mom cry  
Yeah, so that's how I do it  
And I am the truest

I just want you to see  
What you did to me  
When I'm riding  
When I'm-when I'm riding  
I just want you to be  
What you meant to me  
When I'm flying  
When I'm-when I'm flying

When I'm flying I'm just getting high, yeah  
Every night, yeah  
Do this every night, yeah  
Every night yeah  
I'm just getting high yeah

When I'm flying I'm just getting high, yeah  
Every night, yeah  
Do this every night, yeah  
Every night yeah  
I'm just getting high yeah
