

# Good Life

Cam Meekins

Ride 'round smokin' kush, yeah yeah yeah  
Whole eighth and I would, yeah yeah yeah  
They said that I wouldn't but I knew I could  
Who knew that this life we live will be this good

I just keep it blazed, life can be amazin'  
I was feelin' like I had nothing, so I had to make some change  
[?], I was smokin' out the basement  
When you gettin' money how you wanna get it, everyday feels like vacation  
S-s-sacrifices, I'ma straight out my life devices  
Almost didn't have strength to write this  
Fifteen, I was feeling lifeless  
Sixteen, switched up the plan  
Seventeen, I became the man  
Knew I had to go and make some fans  
Glowed up, but I'm still Cam  
Seen some dudes come and go  
Made my moves on a low  
Let 'em think I was movin' slow  
Need more than a sellout show  
I've been tryin' to make the money grow  
'Cause I'm always where the honeys go  
Lost friend, but it's funny though  
'Cause that's just how the season go  
Yeah

Ride 'round smokin' kush, yeah yeah yeah  
Whole eighth and I would, yeah yeah yeah  
They said that I wouldn't but I knew I could

Who knew that this life we live will be this good

"Ladies and gentlemen, welcome aboard. Smoking is not allowed on any flight,  
and federal laws prohibits tampering with, disabling, or destroying a restr  
oom smoke detector. There are twelve exits on our Boeing 7474-"

On a flight, tryin' to find a vision  
Ridin' round, probably passed the limit  
LA bitches lookin' sacrilegious  
[?] massive figures  
Keep it chillin', I don't get specific  
Team of people you can see for that  
Stackin' money, all free from packs  
I was only eatin' pizza snacks  
Lookin' round, "where my equals at"?  
Ain't nobody wanna work hard  
Do it all, got faith in God  
So I prayed twice, now I'm taking off  
I was stressed out, I had to shake it off  
Just stick with it, you gon' make it dawg

Ride 'round smokin' kush, yeah yeah yeah  
Whole eighth and I would, yeah yeah yeah  
They said that I wouldn't but I knew I could  
Who knew that this life we live will be this good
