

Pizza Mind

Cam Meekins

[Cam Meekins:]

See this road, see this road, isn't easy
But baby it's all good
I'm at peace, I'm peace with you
And I know it gets hard sometimes, but guess what?
That's life
I'm at peace, I'm at peace with you
I'm at peace, I'm at peace with you

I just found my peace while I rolled this little dooby
Kicking back, watching a movie, ain't nobody wanna' sue me
Its a cold ass world, better get yourself a hoodie
I've been chilling through my time on this Earth quite smoothly
A lot of people wanna' act like it ain't nothin' though
Like yeah, I seen some shit, but fuck it though
Please endure all common equalities, uhh
Cause this real always gon' be part of me
And I started off player hated?
Second album imma' make it
Like my steaks marinated
Kid love, parent hated?
I'm just snare and bassin'
Facin' facts while you free basin
Heroin, your veins snap like train tracks
I'm more cerebral high, you know we make our own opioids
Try to destroy my life, but fight through it like "Ok boys"
Whatever you want from me dawg, I been through it all
It doesn't matter, nothing matters at all

See this road, see this road, isn't easy
But baby it's all good
I'm at peace, I'm peace with you
And I know it gets hard sometimes, but guess what?
That's life
I'm at peace, I'm at peace with you
I'm at peace, I'm at peace with you

[Michael Christmas:]

Uhh
I'm at peace when I am eating pizza
I'm at peace with this Mona Lisa
I'm at peace with the fact that I'm fat, black, never average raps back?
When I couldn't spit soul candy in the bathrooms
And pry babies ran you 50 cents?
Got chacho's after school
Spittin' writtens for my friends
And winter came again
That's when she left?
I heard I was bout' to make a million dollars with these raps despite this g
irl
Kick this first like the west
Second like a creep
Third tape on the way
Now I'm signing like me?
I'm at peace
At peace, at peace
Fuck the old Lisa

And anybody tryna' take my boys, please

[Nick Gray:]

I'm just looking for some peace at mind
Feel like I'll find it in this piece of mine
Feel like I'm always runnin' low on my weed supply
Everybody need some peace, now I'm in need of mine

[Cam Meekins:]

See this road, see this road, isn't easy
But baby it's all good
I'm at peace, I'm peace with you
And I know it gets hard sometimes, but guess what?
That's life
I'm at peace, I'm at peace with you
I'm at peace, I'm at peace with you
