

# Run Around

Cam Meekins

What's good? How you living tonight?  
My names Cam and I really think I'll change your life  
I rap about good times, give bad advice and  
I smoke mad trees to the head by the slice  
Gotta go gotta go gotta go, see my dreams coming with the songs I wrote  
Everybody wanna get a piece like kit-kat's  
I'm gonna do me and I'm still gon get raps  
I don't need your hate and love  
My team be killing all types of clubs  
The lamp city camp be up all night and stuff  
But, you might need to tighten up  
Gotta that I'm trying to do  
So either stay out my way or abide by the rules  
I'm gonna make it to the top not find the shoes  
And I'm just trying to kick back ride and cruise

Fast life baby I ain't giving it up  
I want it all but they ain't tryna give us none  
I'm on the fast track baby and I'm living it up  
I want it all but they ain't tryna give us none

I get the run around round round round  
Every single day in my life I get the  
The run around round round round  
All these dudes tryna run my life I get the  
The run around round round round  
Every single day in my life I get the  
The run around round round round

And now these dudes on my jock like hockey  
But, I wipe em off like Mr. Miyagi  
Gotta good head got trees no broccoli  
Looking what I'm doing bitch, try to stop me  
All these people saying you be next  
And I'm shipping to these shows like UPS  
But, I don't really care while you be stressed  
I'm trying to make some friends and have some sex  
My feet are out the door  
I really don't plan on coming back no more  
I do it on my own stack bitch for sure  
And you ain't doing what I'm asking for so  
Where you at? I'm living it up and  
I really don't give a fuck if you giving it up  
Lets take a walk on the beach cause  
I'm chill like water  
Dads probably trying to protect his daughter

Fast life baby I ain't giving it up  
I want it all but they ain't tryna give us none  
I'm on the fast track baby and I'm living it up  
I want it all but they ain't tryna give us none

We on the fast track, I'm never coming down  
I'm never on the ground because I run this town  
[x2]  
Fast life baby I ain't giving it up  
I want it all but they ain't tryna give us none

I'm on the fast track baby and I'm living it up  
I want it all but they ain't tryna give us none
