

# Top Of The World

Cam Meekins

[Hook:]

At the top of the world where it's all just fine  
Even if time slows down its all alright  
At the top of the world I can see you there  
Even if time slows down I don't have a care  
At the top of the world where it's all just fine  
Even if time slows down its all alright  
At the top of the world I can see you there  
Even if time slows down I don't have a care

On a front page

We be living it large we on a big stage, changed in a big way  
Me and you played, played like a guitar  
My heart aches when I think about the old days  
And the slow dance  
Back in 10th grade, I had no chance  
I was livin' it large with no romance  
Never looking at stars and just chill man, I never had no plans  
But as things changed, me and you grew older in a diff way  
Started seeing the world with a new face  
But I still show love 'cause I got to  
You made me that stupid way  
I remember we would blaze by the bleachers  
Never went to school 'cause we hated all the teachers  
Got big dreams, you my girl now  
It's all good 'cause we on top of the world now

[Hook]

It's all good now  
Top down in the whip, my hands out thinking "Damn Cam look now"  
And my mom proud  
'Cause I'm up on stage singing my songs now, we gon' sell them all out  
But you backstage, and I'm bringing it back in to them past days  
Back when we first met what would your dad say  
Now were falling in love lets just runaway  
It's so tough when we livin' it up  
But then we broke up 'cause I wasn't giving a fuck  
But when you come back seeing I was a changed man  
We gon' shut it all down, yeah dog game plan  
So tell me what does it take to keep it real  
Theres a war going in my heart girl still  
And I'm speaking the truth better believe it  
We on top of the world I don't know if you can see it

[Hook]

We grow up, grow apart  
I don't know, who you are  
You don't know, where I been  
We don't care 'cause we going  
We grow up, grow apart  
I don't know, who you are  
You don't know, where I been  
We don't care 'cause we going

When it's all done

I'ma get my phone and get my call on  
'Cause I don't care about this shit in the long run  
Big moments fade away when I think about the small ones  
When it's all done  
I'ma get my phone and get my call on  
'Cause I don't care about this shit in the long run  
Big moments fade away when I think about the small ones

[Hook]
