

# Classic

Cam

Pickin' up some Lucky Strikes  
Leanin' on the wall outside  
They don't make 'em like that anymore  
Talkin' down at the corner store  
They shut their lights and they close their doors  
'Cause they don't make 'em like that anymore  
But you and I are classic

Like a bench in the front seat  
Like a big yellow taxi  
Like your best friend's mixtape  
A big limo and a prom date  
Ain't nothin' new I'm waitin' for  
'Cause they don't make 'em like this anymore

I wanna hit rewind, baby  
Take our time  
Wanna hit rewind, baby  
Take our time  
They don't make 'em like this anymore

Fixin' up the '65  
Take it to the drive in tonight  
They don't make 'em like that anymore  
With the stars on the screen, good Lord  
I'm talkin' speaker hangin' off a truck door  
They don't make 'em like that anymore  
But you and I are classic

Like a bench in the front seat  
Like a big yellow taxi  
Like your best friend's mixtape  
A big limo and a prom date  
Ain't nothin' new I'm waitin' for  
'Cause they don't make 'em like this anymore

I wanna hit rewind, baby  
Take our time  
Wanna hit rewind, baby  
Take our time  
They don't make 'em like this anymore

Johnny and June  
Chevy light blue  
(They don't make 'em like this anymore)  
Bette Davis  
Yellow pages  
(They don't make 'em like this anymore)  
But you and I we were built to last it  
Just a couple of stone cold classics  
Just a couple of stone cold classics  
Just a couple of stone cold classics

I wanna hit rewind, baby  
Take our time  
Wanna hit rewind, baby  
Take our time

They don't make 'em like this anymore  
They don't make 'em like this anymore  
They don't make 'em like this anymore
