

Everblue

Cam

Take me out of my misery
My heart is achin'
And no one's listenin'
Forever
Turned into never

I never knew
Evergreen could turn to
Everblue
Tear my heart in two
The middle of a fire, soul of a liar
Midnight sky, I'm everblue
I'm everblue

Break me
I don't need sympathy
I'm all done chasin'
What wasn't meant for me
Forever
Turned into never

I never knew
Evergreen could turn to
Everblue
Tear my heart in two
The middle of a fire, soul of a liar
Midnight sky, I'm everblue
I'm everblue

I never knew
Evergreen could turn to
Everblue
Tear my heart in two
Middle of a fire, soul of a liar
Midnight sky, I'm everblue
I'm everblue
