

# Happier For You

Cam

Choir singin' like angels  
Somethin' borrowed and blue  
I knew this day would come  
But not this soon  
No longer lonely  
But I still see ghosts of you  
I still see ghosts of you  
I'm still in love with you

I thought I could make it  
All dressed in black  
But I can't take it  
I can't take the sound of

Oh  
The church bells ringin'  
It hurts me, I'm sorry  
But right now, I'm just tryin' to make it through  
The day without cryin'  
My darlin', don't worry  
One day I'll be happier for you

One day I'll be happier

It was good of you to ask  
See, I'm surprised she would let me come  
I really thought I was over you  
But you left me numb  
Do you ever think of me  
'Cause I think of you all the time  
Every second of every night

And oh  
The church bells ringin'  
It hurts me, I'm sorry  
But right now, I'm just tryin' to make it through  
The day without cryin'  
My darlin', don't worry  
One day I'll be happier for you

Thought I could make it  
All dressed in black  
But I can't take it, I can't take the sound of

Oh  
The church bells ringin'  
It hurts me, I'm sorry  
But right now, I'm just tryin' to make it through  
The day without cryin'  
My darlin', don't worry  
One day I'll be happier for you

Yeah  
One day I'll be happier for you
