

## How'd I Get This Far

Cam

How'd I get this far  
Without finding your heart?  
Sure it's new but I know you.

How'd I go these days  
Without knowin' your face?  
Someone had me in mind  
When they made you.

You were worth the wait.  
How you keep me in this state.  
Never mind what came before.  
Now I got you I want more.

How'd I get this far  
Without finding your heart?  
Sure it's new but I know you.

How'd I go this long  
Without hearing your song?  
Something in me  
Sounds just like you.

And you were worth the wait.  
How you keep me in this state.  
Never mind what came before.  
Now I got you I want more.

And was it waitin' if I knew you all along?  
And was it waitin' if I knew you all along?

How'd I get this far  
Without finding your heart?  
Sure it's new but I know you.

How'd I go this long  
Without hearin' your song?  
Something in me  
Sounds just like you.

How'd I get this far?  
How'd I get this far?  
How'd I get this far?
