

Slow Down

Cam

Slow down
Honey, slow down
They get all the hurry
You get all the worry
But there is peace to be found

Slow down
Honey, slow down
If you get a funny feeling
That it's not your dream you're dreamin'
Hmm, slow down

Slow down
Honey, slow down
You're an Energizer Bunny
Helpin' those that make their money
Running you into the ground

Slow down
Honey, slow down
For every dollar taken
Your only bones are breakin'
Hmm, slow down
