

Believe

CamelPhat

I don't know what I want
And all the things that I dream of
Always seem to change
One day I'll believe it
One day I'll believe it
Is that too much?
One day I'll believe it
Take the pain
One day I'll believe it

I don't know what I want
And all the things that I dream of
Always seem to change
One day I'll believe it
One day I'll believe it
Is that too much?
One day I'll believe it
Take the pain
One day I'll believe it

I don't know what I want
And all the things that I dream of
Always seem to change
One day I'll believe it
One day I'll believe it
Is that too much?
One day I'll believe it
Take the pain
One day I'll believe it

I don't know what I want
And all the things that I dream of
Always seem to change
One day I'll believe it
One day I'll believe it
Is that too much?
One day I'll believe it
Take the pain
One day I'll believe it

One day I'll believe it
One day I'll believe it
One day I'll believe it
One day I'll believe it
Is that too much?
One day I'll believe it
Take the pain
One day I'll believe it
