Critical

CamelPhat

I've been praying for a miracle
To blow my mind, not the typical
Normally, I settle for the minimal
But my situation's critical

I've been praying for a miracle
To blow my mind, not the typical
Normally, I settle for the minimal
But my situation's critical

I've been praying for a miracle
To blow my mind, not the typical
Normally, I settle for the minimal
But my situation's critical

Lift me up, take me up
Higher, take me higher
Lift me up, take me up
Higher, take me higher

Lift me up, take me up
Higher, take me higher
Lift me up, take me up
Higher, take me higher

To blow my mind
Take me higher

I've been praying for a miracle
To blow my mind, not the typical
Normally, I settle for the minimal
But my situation's critical

I've been praying for a miracle
To blow my mind, not the typical
Normally, I settle for the minimal
But my situation's critical

Lift me up, take me up
Higher, take me higher
Lift me up, take me up
Higher, take me higher

I've been praying for a miracle
To blow my mind, not the typical
Normally, I settle for the minimal
But my situation's critical

Lift me up, take me up
Higher, take me higher
Lift me up, take me up
Higher, take me higher

Take me higher

To blow my mind
Take me higher
