Keep Movin'

CamelPhat

Can't we keep ignoring all the signs?
So we can both surrender to the night, the night
We can take it slow
But tell me where we can begin, tell me

We keep on moving on, not hiding
I keep on thinking of us not fighting
Stay awake till my mind turns off
And a photo of us isn't on repeat

We keep on moving on, keep moving
I keep on thinking of us, keep losing
Tell me I should face the music
But it don't move me like you do
Don't move me like you do
We keep on moving on, keep moving
I keep on thinking of us, keep losing
Tell me I should face the music
But it don't move me like you do
Don't move me like you do

Can you recognize me through the fire?
Burning in a way our heart desires, burning higher and higher, yeah
We can take it slow
But tell me where we can begin, yeah, tell me

We keep on moving on, not hiding
I keep on thinking of us not fighting
Stay awake till my mind turns off
And a photo of us isn't on repeat

We keep on moving on, keep moving
I keep on thinking of us, keep losing
Tell me I should face the music
But it don't move me like you do
Don't move me like you do
We keep on moving on, keep moving
I keep on thinking of us, keep losing
Tell me I should face the music
But it don't move me like you do
Don't move me like you do

Don't move me like you do
Don't move me like you do
