

The Sign (Spiritual Milk Edit)

CamelPhat

Hey...

Hey...

Hey...

Hey...

Hey...

Hey...

I'm broken

I'm broken

With words left unspoken

This silence won't let me be

Confusion, illusion

In my seclusion

I need you to speak to me

Speak to me

Speak to me

Speak to me

Waiting on a sign

Waiting on a sign

'Cause in my confusion

It's all an illusion

This silence won't let me be

'Cause in my confusion

It's all an illusion

I need you to speak to me

Waiting on a sign

Waiting on a sign

Waiting on a sign

Waiting on a sign

Speak to me

Speak to me

Waiting on a sign

Waiting on a sign

Waiting on a sign

Waiting on a sign

How long do I have to wait?

How long do I have to cry?

How long do I have to wait?

How long do I have to wait?

How long do I have to cry?

How long do I have to wait?

How long do I have to wait?

How long do I have to cry?

How long do I have to wait?

How long do I have to wait?

How long do I have to cry?

How long do I have to wait?
