

## Flirt

Cameo

Flirt, flirt, flirt, flirt  
Yeah  
Oh, yeah

Everyday is something new with you  
Give me time and I'll know what to do  
You're so frisky, love your style  
Can I play with you a while?

Know you much better  
It's not an easy thing to do  
Such a flirt, yes you are  
A style

Flirt, flirt, flirt, flirt, yeah

So, you like body too, you say  
It looks good in the mirror when you stay  
Very chic yet so unique  
From yours head down to your feet

We know you much better  
Its not what you say or what you do  
Your shapely breast gives you flesh  
That seems to be your style

Flirt, flirt, flirt, flirt, yeah  
Flirt, flirt, flirt, flirt, yeah
