

# Inflation

Cameo

Up against the wall, turkey  
What? Up against the wall?

A dollar bill can buy you a meal  
But the meal just ain't worth havin'  
A dollar bill can't buy you a meal  
'Cause a dollar bill just ain't no deal

Almighty dollar  
Never seem to make it (Almighty dollar)  
Almighty dollar, oh yeah  
Government make us take it (Almighty dollar)

I sacrifice to feed my wife  
What can I do? Lord, what can I do?  
Yeah, uh huh, yeah, yeah

Inflation  
Sweeping 'cross the nation  
Inflation'  
(Can't get enough food to eat, yeah)  
I ain't got no shoes on my feet  
(What?)  
Inflation  
(Even make a preacher steal, yeah)  
Got my woman on the pill, hey  
Inflation  
(Taxes going up so high, well)  
I can't afford to die

What you say?  
You know what man, I said: "Two dollars for a pack of cigarettes, what?""  
I said, "Man, you must be crazy, do they do dishes?"

Almighty dollar  
Never seem to make it (Almighty dollar)  
Almighty dollar, oh yeah  
Government make us take it (Almighty dollar)

I sacrifice to feed my wife  
What can I do? Lord, what can I do?  
Yeah, uh huh, yeah, yeah

Inflation  
It's got the whole congregation  
Inflation'  
(Can't get enough food to eat, yeah)  
I ain't got no shoes on my feet  
Inflation  
(It'll even make a preacher steal, ha ha)  
Got my woman on the pill, hey  
Inflation  
(Taxes going up so high)  
I think I'm gonna die

What? Two dollars?  
Lemme have one. Come on, hook me up

A dollar? Can't get a gallon of gas for a dollar

Everything going up  
Going up  
Going up, going up  
Sing it
