

I Can't Stay Mad At You

Camera Obscura

You can make me cry
You can break my heart
But I'll never say we're through
Even when I cry
I can't stay mad at you

You can run around
You can tell me lies
But there's nothing I can do
I'll never say goodbye
'Cause I can't stay mad at you

I got mad at you last night
'Cause you were holding another girl tight
But when I thought of all your charms
I bounced right back into your arms

One thing you'll know for sure
I won't be the one
To fall in love with someone new
I'll love you till I die
I can't stay mad at you

I bounced right back into your arms

One thing you'll know for sure
I won't be the one
To fall in love with someone new
I'll love you till I die
And I can't stay mad at you

You got me where you want me
You got me where you want me
You got me where you want me
You got me where you want me
