

# Rainy

Cameron Dallas

It's one of those rainy days, man  
It's not even raining, yeah

Like an accomplishment  
Life with no consequence  
I'll probably grow up, when I want to  
Lost in my mind again  
But when the sun shining in  
I feel like nothing could stop you  
Got me talking like

I don't wanna feel emotionless  
But when we off the drugs, you know me best  
I don't wanna have no more regrets  
Let's go, go, go

At least we got a couple dreams we could follow  
Hope I don't end up like you did, feeling hollow  
Hold up, hold up, can we  
Take it back, take it back, 'til we long gone? (Yeah)  
I just wonder where will I be tomorrow  
Ayy, ayy-ayy

All of my problems been  
'Causin' these side effects  
I'll probably burn out like the stars do  
Hey  
Dying to find the grip  
All these fake compliments  
I can't be, I can't be talked to  
(So get the fuck away, baby)

I don't wanna feel emotionless  
But when we off the drugs, you know me best  
I don't wanna have no more regrets  
Let's go, go, go

At least we got a couple dreams we could follow  
Hope I don't end up like you did, feeling hollow  
Hold up, hold up, can we  
Take it back, take it back, 'til we long gone? (Yeah)  
I just wonder where will I be tomorrow  
Ayy, ayy-ayy
