Cameron Dallas

This is how I stay high baby  
Look into my eyes I'm wavy  
Since you're feeling lonely lately  
I'll tell you my secrets baby

This is how I stay high baby

No, no, no, no  
My secrets are your weakness  
You just need to know, but  
No, no, no, no  
Don't think I can trust you  
Till I fuck you slow, yeah  
Deepest darkest secrets in my mind  
Tell me all the reasons you're alive  
Peter Parker keeping my disguise  
Fuck a girl, just leave them all behind  
Yeah  
Tell me things you only talk about  
When no one's there  
I just want to get to know you better  
Break your heart, and put it back together  
Give me time to make it last forever  
Fuck it tho, 'cause nothing lasts forever  
Yeah  
Got to get this weight off my shoulders  
She says you get so faded  
And this is what I told her I said

Cause she think that I got blow  
But I don't

She calls me in the morning to see if I'm doing okay  
I say no

I don't care if you like my clothes
